What Kind of Americans Are We?

"I am a true American" are the proudest words that any American can speak or write. But to be a true American requires much more than the mere possession of a birth certificate or papers of naturalization. To be a true American requires the acceptance of responsibilities and the recognition of obligations that each of us owes to our country—and to our fighting men.

Grant yourself ten points on each of the following questions if you are entitled to them—then add up your score and see if you are satisfied with the results. If not, remember that the quicker we all become true Americans, the quicker the war will be won and we can enjoy peaceful days again.

Are you buying Bonds on the 5 per cent or 10 per cent payroll deduction plan. If so, take 5 points for 5 per cent or 10 points for 10 per cent.

Have you given blood to the Red Cross or been refused by them? 10 points in either case.

Are you growing a Victory Garden? 10 points.

Have you collected and disposed of all needed scrap materials? 5 points. If your home is saving fats, add 5 more points.

If you are a war worker and were not unnecessarily absent a day last month, take 10 points. If you are not a war worker and are enlisted in any volunteer war service, take 10 points.

Are you sharing rides, conserving your car, gasoline and rubber? Grade yourself according to your conscience. 10 points for best performance.

Are you hoarding unrationed items, or did you buy excessively before rationing began. 10 points if you think you are entitled to them.

Did you vote in the last national election? 5 points. Last municipal election? 5 points.

Do you repeat rumors that may be harmful to the war effort? Take 10 points if you do not, 5 points if in doubt.

Have you helped morale by writing letters or sending gifts to any persons in service? 10 points.

If you score 90 per cent or higher, you may term yourself a Real American. If you score 80 per cent you are a good American, and 70 per cent a Fair American. What's your score?

Friends of Mrs. Emma Rubell and family will regret to learn that she is very ill and her daughter, Mrs. Hattie Smith was called from her home near Monterey arriving Wednesday. Mrs. Claudine Hancock has made her home here with her mother for some time.

AIRCRAFT CLASSES WELL ATTENDED

Classes in aircraft identification were held Monday and Tuesday evenings at the high school as scheduled, and Chief Observer, C. P. Klassen reports that nearly all observers were present at one or the other of the meetings. But this is as expected, said Mr. Klassen, for citizens faithful enough to go regularly to the post to do the reporting which the army considers so vital, would also be expected to attend the school and endeavor to meet the army standards of efficiency."

D. H. Cramer was chairman of the evening, and County Auditor Maurice Moore, district superintendent of observation posts, presented instructional war films of actual fighting in Africa, Russia and in the Pacific. An hour was given to instruction on the conduct of the post, and another hour to aircraft identification.

Aircraft models constructed true to scale were loaned to the school by C. D. Cutting and beautiful engravings of the airplanes discussed were provided by the Coca Cola company.

Next Monday and Tuesday evenings the second lesson of the series will be given at the school at 7:30. The army has requested special emphasis upon the following planes:

Catalina (PBY), BT-15; Kingfisher (OS2U), AT-6 and SNJ; Douglas Transport, AT-10; Douglas Skymaster (C-54), PT-17; A-29, OA-9 (Goose); Wildcat, L-Type; Avenger, Seagull; B-34 (Ventura), P-38 and P-39.

Students should endeavor to learn these craft as rapidly as possible. Small flash cards have been given out for practice, and flash slides for identification on the screen are planned farther along in the course. The chief observer is much gratified with the attitude of the observers and the large attendance at the school.

Dick Robinson of the Merchant Marine made a surprise visit home Sunday to see his parents, Mr. and Mrs. T. A. Robinson. Dick has not seen active sea service yet but it is in the offing. Henry Eddlemon, who is in the same squadron as Dick was a Sunday visitor here with relatives.

Master Sergeant Al Frank arrived here Saturday on a 10-day leave to visit his brother, Paul Frank and family. He leaves tomorrow (Friday) for Scribner Air Base, Nebraska, where he is flight chief.

Fire Hazards at Record Peak; Motorists Urged To Exercise Care

Throwing of lighted cigarettes, burning matches and smouldering tobacco from automobiles on California highways is more prevalent—and more dangerous—this summer than ever before and an appeal is issued to motorists for participation in forest fire prevention.

Reports show a growing carelessness by smokers in disposal of "hot" tobacco from cars. This is attributed in part to the many thousands of new arrivals in California who are unacquainted with its long dry summers.

Motorists are urged not to become "unintentional saboteurs" by endangering natural resources and farm crops so vitally necessary in the prosecution of the war. Forest and brush fires are made hazardous this year by unprecedented brush, weed and grass growths and by manpower shortages in state and county fire fighting agencies.

This appeal was directed particularly to new arrivals in the state whose attention was directed to the fact that laws have been enacted in California prohibiting the throwing of lighted cigarettes or other burning substances from moving vehicles.

Battle Song Of Freedom

From the invasion-battered coast of Sicily to the steaming jungles of New Guinea; from Guadalcanal to Munda; from the storm-swept Aleutians to the violently erupting "summer front" in Russia; from the avenging planes which roar over the Ruhr and the blazing gun decks of Allied warships—from every corner of the earth, today, there's a swelling song of liberty!

Free men are singing. And men about to be free are singing.

Perhaps you can hear the enslaved people of France and Poland, and Norway and Holland, if you have an ear attuned to freedom. Though they dare not speak yet, you can hear them singing:

He hath loosed the fateful lighting of his terrible swift sword;
His truth is marching on.

And as they rise against their oppressors when the hour of liberation nears, they will strike their blow for freedom, singing:

As He died to make men holy,
Let us die to make men free.

Hitler probably can't hear that song; nor can the treacherous Jap warlords. For the songs one hears above the roar of battle are songs of the soul. And one must have a soul to hear them. But free men will hear them!

This, perhaps, is only the beginning. There are long, cruel days and months of bitter fighting ahead. But it is the beginning of the end. And free men everywhere are singing.

Miss Opal Lingo of Tulsa, Okla., is visiting her brother and sister-in-law, Mr. and Mrs. Ray Lingo and family of Everett street.

Eugene Hodges was host Sunday at a barbecue for the members of his installation team of the Odd Fellows. About a score of men enjoyed the delights of the barbecue and all the extras and then spent a pleasant afternoon with cards and in fellowship.

Frank Soutar and Mrs. Grace Ormseth, father and sister respectively of J. C. Soutar are arriving today for a visit at the Soutar home.

Two tickets to the Campbell Theatre are awaiting Mr. and Mrs. T. A. Robinson. Call within a week at Press office.

They left from Luverne, Minnesota Monday.

Our Fighting Men Depend Upon Canned Food

Here is the most urgent war work you can do in August and September

The job: working in a cannery. Not a glamorous job. Not an easy job. But a *vital* job—the most *urgent* war job you can do for the Armed Forces this summer.

Urgent . . . because this year 60% of California's fruit and vegetable pack (world's largest) must go to the Armed Forces.

Urgent . . . because crops must be canned when ready or be left to rot.

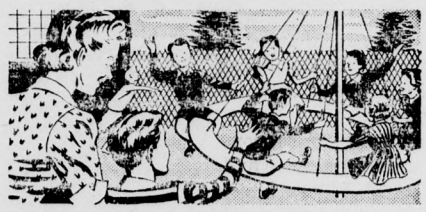
Urgent . . . because no regular source of workers is left to do the job . . . because 50,000 workers are needed at the season's peak, in August and September.

This is an emergency. And a challenge. This is your opportunity—whether you are a housewife, businessman or student—to do a job that *directly aids* our fighting men. Your Service Stripes will be rolled up sleeves. True, you will be well paid. But above all, you will know that, from your own hands, fighting men will get food—the right food at the right places. Won't you help by registering now?

WORK FULL-TIME IF POSSIBLE—WORK PART-TIME AT LEAST!

Each day's work you do canning fruits and vegetables will, on the average, provide servings for 1260 fighting men.

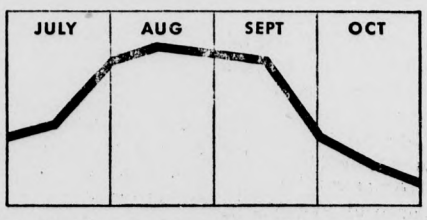
Women find the work somewhat like going from their own kitchens to a larger one. Your home background will help you. And no jobs are hard to learn.



Child Care Centers, under competent supervision, are available at or near most canneries. Your children will receive proper care.

Men and boys do general cannery work—handling crates, stacking, loading, making boxes. Some men operate machinery. No experience is necessary.

The pay is good. You will be paid regular, standard wages, with a bonus for overtime. Wage rates are given in detail below.



This Chart shows when you are most needed—at the season's peak. Register now. This will help the U.S.E.S. to know how many workers are available.

Who is needed. Every man, woman and every boy and girl, 16 or over. Boys and girls of 16 and 17 must have a Work Permit from their school department.

When. August and September are the "peak" months. Try to work full-time if possible, part-time or on your vacation at *least*. Every day counts.

Kind of work—women. Women and girls work mainly on a piece-work basis, sorting, peeling, cutting or canning. Some jobs are paid by the hour.

Men. Men and boys do general manual and mechanical work and are usually paid by the hour.

Hours. On a normal straight-time basis: 10 hours per day for men; 8 hours per day for women, after which over-time rates apply. Adequate relief periods. Meal period follows each 5 hours of work.

Pay. Women on piece-work, in a group, are guaranteed a weekly average earning, for the whole group, of at least 80 cents an hour. Many workers average more. No piece-worker may receive less than 45 cents an hour for hours worked in any one day. Some jobs for women are not adapted to piece-work. These are paid at rate of 70 cents an hour. If a woman is promoted to supervisory duties, she is paid 85 cents an hour.

Men are paid 85 cents an hour for general work. Higher pay for jobs requiring special skills or responsibility. Minimum rates for highest paid hourly work for men is $1.15 per hour. Boys and girls between 16 and 18 earn same rates as adults.

Transportation. Cannery work is officially recognized as essential to the war effort. Local ration boards have authority to allot extra gasoline to cannery workers. Free parking at practically all canneries.

Social Security Numbers. If you intend working and have no Social Security card, go to nearest post office and secure one. This will save both time and trouble.

THE BOOK MARK

by marty

MYSTERY WEEK

This week your Book Mark has delved into a couple of those gory, bloody and goose pimple-producing stories that have arrived in the library recently, namely, "A Variety of Weapons" by Rufus King; and "Trademark of a Traitor" by Kathleen Moore Knight.

There are several reasons for choosing the books that I did this week. First of all, mystery fans are numerous and eternally on the lookout for new and thrilling tales, and second, the two that I am going to have a bit to say about were selected because of their subject matter and authors. Many readers prefer men to write their gloomy gore and and still others prefer feminine writers. So we hope that both types of readers will be interested.

Rufus King, in writing "A Variety of Weapons" set the scene for crime and screams in the heights of the Adirondacks. With torrential rains and the ever essential peels and claps of lightening and thunder, Mr. King further completes the stage setting with the glamorous young thing who works for a living and who is missioned to this spot to do a job of photographing some pet ocelots, brought over by a pampered, wealthy spinster from Paris, for her selfish whims. Now the Marlow estate, where all the story action takes place, is that of much splendor and grandeur. Miss Ledrick, the photographer, once within the mansion in the mountains witnesses murder, mystery, and many other blood stirring episodes before her brief stay of two days terminates in the greatest surprise that Mr. King has introduced into one of his books in months. It is not a war story, but one of today, only touched with the echoes of war in our every day living.

Now to turn completely around and pick up the book written by Kathleen Moore Knight—"Trademark of a Traitor," we run into the middle of a story entangled so deeply in war that patriotism is boiling from cover to cover of the book. The scene of this intrigue and adventure is Central America, however, the main characters are two people, very much in love, from our part of this American continent, these United States. Not one, not two, but many murders are committed in this tale before the espionage ring is thoroughly and brilliantly, to say scarcely nothing about courageously, being exposed. Without exception, this is the most exciting spy story that I have had the pleasure to read in several months. There is not one page without its own hair-raising thrill.

Both books will entertain you and I guarantee they will keep your awake.

Celebrated Artists To Be Featured At Garden Forum

The San Jose Garden Forum has arranged an impressively brilliant program for the July meeting at the San Jose Woman's club house Saturday, July 24, from 1:30 to 4 p. m.

As an outstanding feature, Kenneth and Clare Field, artists of international renown, will present a delightful group of songs. They will be accompanied by Jean Long.

Kenneth Field was for several years the leading tenor of the Royal Opera company, of Rome, Italy. He was also chosen by Peitro Mascagni, as leading tenor to be with him on his personally conducted tour with his famous opera, "Cavalleria Rusticana." Upon his return to America he was leading tenor for several seasons with the Cosmopolitan Opera Compeny of New York City.

Mrs. Field, petite and lovely, studied voice intensively with Mr. Field at his studio for several years. Her mezzo soprano voice is rich in tone with a range of three octaves.

The Field family recently moved to San Jose from Oregon and plan to make their home in San Jose.

A large delegation of musical and interested people will be present at the Forum Saturday to greet the newcomers and to enjoy the unusually interesting and varied program and pictures. Refreshments will be served and there will be some elaborate floral displays.

Fred MacMurray and Rosalind Russell are seen as stars in R-K-O's. picture, "Flight For Freedom," with Herbert Marshall and Eduardo Ciannelli.

Kiwanis Club Entertains Ladies

Tuesday evening marked the first of a series of Ladies Nights for the Campbell Kiwanis club at which time members invited their wives and friends and provided special program features for their entertainment.

President Willard H. Van Dyke welcomed the members and their guests, and chairman for the evening was Dr. Wyland R. Morgan.

For the musical part of the program, Miss Ruth Cousins sang two numbers and an encore. The songs were "Because" and Victor Herbert's "Thine Alone." Miss Nina Page played the piano accompaniment for Miss Cousins and followed with two piano solos.

The speaker for this occasion was Mrs. Sanborn Young of Los Gatos, internationally known as Ruth Comfort Mitchell, author of several well known writings and prominently mentioned in "Who's Who" current issue. Mrs. Young is at present National president of Pro-America and in that capacity made reference to some of the highlights in their program. In addition Mrs. Young provided many amusing anecdotes and finished her talk with the reading of one of her original poems.

Next week at the regular noonday meeting Dr. Edward Laird Mills, editor of Palo Alto will speak on "Post-War World," and the chairman of the meeting will be Rev. Sam Cheney of Los Gatos.

Mr. and Mrs. L. Genasci very quietly observed their fiftieth wedding anniversary Saturday. They were recipients of many congratulations both personal and written. The first part of this week they spent visiting in the San Joaquin valley.

The ABC Army

Working in such close coalition in the Sicilian occupation that the island people have dubbed it the "ABC Army," the combined forces of American, British and Canadian fighting men are proving again the efficiency of a combined command in modern warfare.

The simultaneously timed attack of widely distributed forces, the split-second meeting of flanks, the scheduled capture of specified objectives, have been fresh indication that men fighting for the same principles fight best shoulder-to-shoulder.

Unlike many modern "alphabetical agencies" the ABC Army is one the average observer will rise and cheer from the housetops.

5 cups sugar
½ bottle fruit pectin

To prepare fruit, use skins from 6 medium oranges and 2 medium lemons and cut in quarters. Lay quarters flat; shave off and discard about ½ of white part. Put yellow rinds through food chopper twice. Add 2½ cups water, juice of 2 lemons, ⅛ teaspoon soda, and 1 cup sugar. (This 1 cup sugar is in addition to the 5 cups specified above.) Bring to a boil and simmer, covered, 30 minutes, stirring occasionally.

Measure sugar and prepared fruit into large kettle, filling up last cup with water if necessary. Mix well and bring to a *full rolling boil* over hottest fire. Stir constantly before and while boiling. Boil hard 1 minute. Remove from fire and stir in bottled fruit pectin. Then stir and skim by turns for just 5 minutes to cool slightly, to prevent floating fruit. Pour quickly. Paraffin hot marmalade at once. Makes about 8 glasses (6 fluid ounces each).

Robert Holder, 22, and Ruth Bohrman, 18, both of Campbell, were granted a marriage license Tuesday.

Kidneys Must Work Well-

For You To Feel Well

24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood.

If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of *why* the whole system is upset when kidneys fail to function properly.

Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at nights, swelling.

Why not try *Doan's Pills*? You will be using a medicine recommended the country over. *Doan's* stimulate the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get *Doan's* today. Use with confidence. At all drug stores.

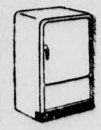
A Meal Nutritionally Right for Summer Days

KEEP PLANTING V FOR VICTORY

JUST as you wear summer-weight clothes to feel fit and comfortable, try light weight, nutritionally right meals. Such a meal would be a Victory Garden Salad Bowl. Fresh-picked leafy-green vegetables, crispy radishes, firm tomatoes, pungent onions and other vegetables, crispy-chilled in your refrigerator and then tossed till all are coated with a fresh-mixed salad dressing. Ah, there is a summer meal that is crunchy, satisfying eating.

HERE is a great secret to it all! Harvest just what you need and no more for a brimming salad bowl. Waste no minutes in putting your Victory Garden plucking right into your refrigerator. There is little Vitamin C loss that way. Your dependable refrigerator will see to that, especially if you have kept it cleaned and oiled and in good repair. But if your refrigerator is not working just right—and you can't remedy it, tell your refrigerator repair dealer about it. He'll be glad to advise you.



VICTORY SALAD BOWL

½ head lettuce broken into 1½ inch pieces
2 tablespoons chopped parsley
2 tomatoes cut in eighths
1 cup chopped celery ½ cup chopped onion
½ cup sliced radishes ½ cup chopped cucumber
2 tablespoons chopped green pepper
1 clove finely chopped garlic

VICTORY DRESSING

½ teaspoon salt ¼ teaspoon pepper
½ teaspoon dry mustard ¼ teaspoon paprika
2 tablespoons vinegar ½ cup salad oil

Mix salt, pepper and paprika in salad bowl with 1 tablespoon salad oil. Then add remaining oil and vinegar and blend well with fork. Add salad vegetables and toss. Serves 6 to 8 persons.

THESE SUMMER MONTHS is the time when Victory Garden crops will be producing bountifully. Do not waste any of this fine, fresh food. Have salads in variety. Serve quick-cooked vegetable plates. And when a garden row of vegetables becomes depleted, start digging anew and planting anew for crop rotations right through late summer, fall and winter. You will be surprised how it will cut down your food bills too!
